10 U.S. Code § 2336-2679 — Installation support services: Intergovernmental support agreements with State and local governments

(a) In General.—

(1) Notwithstanding any other provision of law governing the award of Federal government contracts for goods and services, the Secretary concerned may enter into an intergovernmental support agreement with, on a sole source basis, with a State or local government to provide, receive, or share installation-support services if the Secretary determines that the agreement will serve the best interests of the department by enhancing mission effectiveness or creating efficiencies or economies of scale, including by reducing costs.

(2) Notwithstanding any other provision of law, an intergovernmental support agreement under paragraph (1)—

(A) may be entered into on a sole-source basis;

(B) may be for a term not to exceed five years; and

(C) may use, for installation-support services provided by a State or local government, wage grades normally paid by that State or local government.

(3) An intergovernmental support agreement under paragraph (1) may only be used when the Secretary concerned or the State or local government, as the case may be, providing the installation-support services already provides such services for its own use.

(b) Effect on First Responder Arrangements.— The authority provided by this section and limitations on the use of that authority are not intended to revoke, preclude, or otherwise interfere with existing or proposed mutual-aid agreements relating to police or fire protection services or other similar first responder agreements or arrangements.

(c) Availability of Funds.— Funds available to the Secretary concerned for operation and maintenance may be used to pay for such installation-support services. The costs of agreements under this section for any fiscal year may be paid using annual appropriations made available for that year. Funds received by the Secretary as reimbursement for providing installation-support services pursuant to such an agreement shall be credited to the appropriation or account charged with providing installation support.

(4) Any contract for the provision of installation-support services awarded by the Federal Government or a State or local government pursuant to an intergovernmental support agreement provided in subsection (a) shall be awarded on a competitive basis.

(d) Effect on OMB Circular A-76.— The Secretary concerned shall ensure that intergovernmental support agreements authorized by this section are not used to circumvent the requirements of Office of Management and Budget Circular A-76 regarding public-private competitions.

(e) Definitions.— In this section:

(1) The term “installation-support services” means those services, supplies, resources, and support typically provided by a local government for its own needs and without regard to whether such services, supplies, resources, and support are provided to its residents generally, except that the term does not include security guard or fire-fighting functions.
